

**CURRENT  
BUSINESS  
ISSUES**

**IN AFRICAN  
COUNTRIES**

**6th Current Business Issues in African Countries Conference**

**Theme**

**Global Inclusive Business Development: Building a Future Collectively with Strong Digital and Social Pillars**

**CALL FOR PROPOSALS**

Participants are invited to give presentations on any practical aspects of current business issues within the African continent.

**OVERVIEW**

The conference will gather business leaders, NGO leaders, researchers, and students, and from the community to present information on the current state of business in African countries. Issues discussed will revolve around the reciprocal impact of businesses, government, and society. The conference's goal is to create long-term collaborative relationships between business leaders, faculty, students, and community members. The impetus of the conference is the discussions held at **UNCTAD 14** (United Nations Conference on Trade and Development) in Nairobi, Kenya, in July 2016 and **UNCTAD 15** held in Bridgetown, Barbados, and Geneva, Switzerland in 2021 <https://unctad.org/>

- (5) Current business issues and impact on the community.

### Format

- Minimum: One-page to five-page summary of the topic.
- Full-length papers are preferred.
- Microsoft Word, 12-point font, double-spaced.

## Overview of Theme

---

In a rapidly evolving world, **Global Inclusive Business Development** stands at the forefront of creating a sustainable and equitable future. This approach emphasizes the importance of inclusivity in every facet of business, ensuring that growth and progress are shared across all demographics, geographies, and social strata. By embedding inclusivity into the core of business strategies, companies can drive innovation, unlock new markets, and foster economic resilience that benefits everyone, not just a select few.

Central to this vision are **strong digital and social pillars**. Digital transformation has become the backbone of modern business, enabling unprecedented access to markets, resources, and information. It breaks down barriers, allowing businesses to reach and serve previously underserved populations. By leveraging digital tools and platforms, companies can create more inclusive products and services that cater to diverse needs, driving economic empowerment on a global scale.

At the same time, **social responsibility** plays a critical role in this development. Businesses are increasingly recognizing their role in addressing social challenges, from inequality to environmental sustainability. A strong social pillar means committing to ethical practices, investing in community development, and ensuring that business operations do not exacerbate social issues but instead contribute to positive change.

## PRESENTATION SCHEDULE

---

Participants will interact significantly throughout the conference to develop long-term collaborative relationships, so participants must be available for presentations and discussions throughout the conference's dates. Each presentation will be given a 30-minute time slot for the presentation and discussion.

## CONFERENCE ATTENDANCE FEES

---

- \$50 Faculty and professionals.
- \$20 Students.
